

South Okanagan-Similkameen Transit System alignment better supports passengers

Jun 19, 2017

South Okanagan-Similkameen – The South Okanagan-Similkameen Transit System will make travel easier for customers by introducing a new fare structure, rider's guide and website.

It will now be easier to travel between communities in the South Okanagan-Similkameen including Penticton, Summerland, Naramata, Hedley, Kaleden, Okanagan Falls, Gallagher Lake, Coalmont, Oliver, Osoyoos, Keremeos, and Princeton and area.

Starting July 1, these routes will be shown in one rider's guide and on one webpage at bctransit.com/south-okanagan-similkameen. The new fare structure will lead to a phased introduction of new fare products that can be used on local and regional routes. Current fare products will be accepted until the end of the year.
